Games and Equipment

For the time being online pc/laptop games will be played, the likes of:

CSGO

Fortnite

Valorant

League of Legends

Dota 2

Call of Duty

If a game is not on the list but is 'pay-to-play', I will look into getting them purchased via the society account so they are free to play! Likewise, if a game is free to play but not on the list, I can add it to the list of rotated games.

Time Commitment and Dates

1. Doodle poll goes up on Tuesdays with selected game
2. Pick the two-hour time slot(s) you can do
3. Announcements made on Friday of the most popular time slot
4. Games played on Sunday
